Dear Sir / Madam,

**South Northamptonshire Part 2 Local Plan.**

**Consultation in accordance with Regulation 19 of the Town and Country Planning (Local Planning) (England) Regulations 2012.**

**Representations on behalf of Georgian House Developments Ltd.**

CC Town Planning have been appointed by Georgian House Developments Ltd (‘the client’) to provide town planning consultancy services in respect of their land interests within South Northamptonshire.

The following correspondence is submitted in response to the submission version of the South Northamptonshire Council (‘SNC’) Part 2 Local Plan (‘LP’) which has been published for the purposes of public consultation under Regulation 19 of the Town and Country Planning (Local Planning) (England) Regulations 2012.

To assist you this letter is accompanied by the following;

- A completed SNC representation form for the South Northamptonshire (Part 2) Local Plan Draft Submission (Regulation 19) Consultation.
- A site location plan identifying the extent of our client’s land interests at Butchers Lane, Pattishall (For information purposes);

**South Northamptonshire Part 2 Local Plan.**

The following seeks to provide a pertinent response to those salient points which have been highlighted by the client during their assessment of the consultation document.

The client welcomes the acknowledgement, as set out within the LP2’s vision, that at the end of the plan period there will be a wider choice of homes to meet locally identified needs.

The Settlement Hierarchy correctly acknowledges the sustainability credentials of Pattishall which is categorised as a Secondary Village (Category B). It is however considered that the removal of the proposed ‘categories’ from this element of Policy SS1 would be beneficial. Whilst we are aware of the evidence base which exists, it is considered that the sub-categories within Section C of the Settlement
Hierarchy are overly onerous, particularly given that the policy states ‘Secondary villages (A) are likely to be more sustainable for limited development’. Therefore, to ensure the effective application of the strategy it is suggested that the categories be removed from this element of the policy and site suitability be assessed on a site by site basis through the development control process.

Notwithstanding our longstanding issue with Policy R1 of the West Northamptonshire Joint Core Strategy serving as a ‘cap’ rather than a ‘target’ figure, it is considered that the policies within the emerging LP2 will provide the much-needed flexibility to allow for such development as and when it is required. Therefore, at the outset, the approach to residential development in the rural area is considered positive and importantly recognises that appropriate growth is key to increasing the vitality, viability and longer-term sustainability of such areas, not just within South Northamptonshire, but across West Northamptonshire as a whole.

Policy LH1 (Section 3) sets a sound and flexible approach to dealing with residential proposals outside of, but adjacent to existing village boundaries. Furthermore, the cross references to Policies LH2, LH3, LH4 and LH5 are important to ensuring the development in rural areas is not wholly constrained.

In regard to the content of Policies LH2-5, it is considered that the detail within each policy sets a suitable strategy to enable the delivery of residential development to the open market.

As part of our client’s review, they were refreshed to learn of the proposed revisions to the settlement boundary of Pattishall which will ensure that the settlement will be able to organically grow in line with the existing pattern of development.

It is considered that the Council’s approach to housing delivery in the rural area, as set out within the LP2, is a positively prepared and strategy which is justified on the basis of an appropriate and robust evidence base, it is the client’s opinion that the content of those aforementioned elements could be revised to ensure the effective implementation of the document.

The client is in agreement that the LP2 presents a suitable strategy, when assessed against the reasonable alternatives, which is both deliverable and consistent with national policy. Therefore, against the backdrop of our client's land and property interests, the LP2 is considered both legally compliant and sound in its content.

Enclosed with this covering letter are the requisite forms and a site location plan which clearly delineates the extent of that land under the ownership of our client. It is urged that both this submission the enclosures and previous submissions are read together in their entirety, we will of course provide you with any further relevant information should require it (subject to availability).

If you have any questions on the above or need any further information, then please do not hesitate to contact us via any of those channels listed. If you could confirm receipt of this letter by return it would be greatly appreciated.

I look forward to hearing from you.

Yours sincerely,

Ross Middleton BA (Hons) MA MRTPi
