Dear Sirs

Please find set out below Yardley Gobion Parish Council’s response to the above consultation. Yardley Gobion Parish Council objects to the Plan on the grounds of soundness. The Parish Council put forward the site known as The Coffee Pot Field adjacent to The Coffee Pot public house, High Street, Yardley Gobion, as a Local Green Space.

Unfortunately it seems that this site was accidently missed when the Local Green Space Assessments were undertaken. This oversight was not noticed when the assessments were consulted upon in June this year. We understand at this stage it is no longer possible for the Council to make changes to the Plan but as the Parish Council still wishes for the site to be considered as local green space, the Parish Council is objecting to the Plan on the grounds of soundness and proposes that the site is assessed and if considered appropriate as a local green space that a main modification is proposed to the Plan.

Yours faithfully

Lesley Ratcliffe
Clerk to Yardley Gobion Parish Council
